Women's Conference  
2018

Now In Four Locations  
NSW, VIC, QLD & WA

[Heart.TheCatholicGuy.com.au](http://Heart.TheCatholicGuy.com.au)

Dear Inspiring Women,

We have this heart within each of us that desires to nurture, to grow, to develop and to help others. We have this need within us to have companionship especially with other people like us! That way we all belong and feel loved.

God has graciously given us Himself and ultimately that's where we find love and a true companion and friend. In God's generosity to us He has also given us other girls to do life with and to have friendships with, where we can laugh and cry, share and encourage each other. These friendships grow our hearts so that they become full and responsive to love and generosity, to fun and sensitivity.

This is an invitation to take the time out with the women you know - your girlfriends, sisters, daughters, mother, even the mother in law! Come to explore further how we can expand our hearts to be more like Christ's. We don't want (if we were honest) same old, same old! It gets boring and dries up our hearts. God calls us to "renew our mind" and to be transformed by this and by our hearts changing to be more and more like His!

Come away to learn something new that will be practical for your life so that you will go deeper in that love and continue to be changed for the better you that God intended!

## What others have said:

*To have that opportunity to bring our personal selves to God was enlightening, scary (we don't like to cry in front of others and expose our hurts that we hide so well) but humbling and enriching for our relationship with God and ourselves. **Jeannette***

*Rosemary encouraged us to 'be bold' and so I am! Endeavouring to share God's immense love to us as individuals with my family, friends. I find great encouragement from the reminder that God is always with us and our names are 'written on the palm of His hand. He will never forget us'. I find I have more courage, strength and confidence stepping out with vigour and optimism knowing that God has it all mapped out for me anyway and I just must take note of the signs He sends and plough forward with confidence and love following His plan for me. What a wonderful retreat for us women ...we are 'The Heart'. **Mary***

*The Heart Women's Conference was so inspirational. The event has stayed with me, the love and dedication Bruce and Rosemary have to spreading God's word is amazing. Everyone's personalities seem to blend in with our common love for God's teachings. Bruce helps me stay focused with my faith. **Victoria***
